## Delivering Confidence Through Education

Our top priority is students' success in education and to produce smart, proactive self-esteem, and self-confident persons who believe in their potential and capacity in various aspects of life.

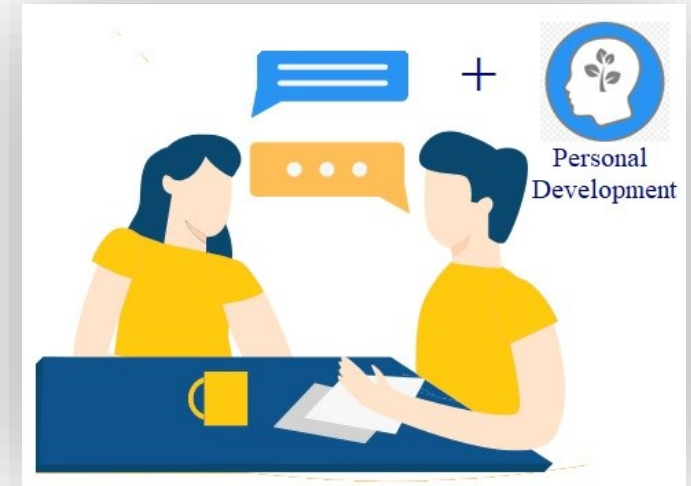

The tutor service is managed by Dr. Ermias Gebrekidan Koricho who has rich academic experiences and working at various universities in the USA Europe, and Africa.

As Dr. Ermias is a personal development coach and human relationship expert, beside his field of expertise, he and his company believe that personal development from young age is a key for success in life. Hence, ENTEL EDUCATION focuses not only on academics but also **personal development** which is directly related to emotional intelligence and mental health of all our students.

## Learn Academic And Wisdom With Us Today

We reaffirm once again that our top priority is students

That is what has led to our tutorial service to be delivered by tutors who are trained as per the USA tutor standard with a minimum qualification of Masters degree/equivalent experiences. Our tutors possessed academic excellency on each subject, higher communication skill with appropriated training, and pedagogical ethics.
